# BUSES

2023

## OUR MINE SPEC BUSES AND COASTERS ARE THE SAFEST AND MOST RELIABLE WAY TO TRANSPORT PEOPLE IN REMOTE AND HARSH ENVIRONMENTS

Our buses and coasters are built to withstand the toughest conditions. They have features like:

- Heavy-duty suspension for a smooth ride over rough terrain
- Powerful engines that can handle steep inclines
- Robust construction that can withstand bumps and knocks
- Comprehensive safety features, including seatbelts, airbags, and fire extinguishers

We also offer a wide range of customisation options to suit your specific needs. For example, we can add:

- 4WD capabilities for off-road travel
- Mine-specification accessories, such as dustproofing and fire suppression systems
- Special seating arrangements for passengers with disabilities

No matter what your requirements are, we can build a mine spec bus or coaster that is perfect for you.

We are confident that our mine spec buses and coasters are the best way to transport people in remote and harsh environments. We offer a wide range of vehicles to choose from, and we can customise them to meet your specific needs.

Contact us today to learn more about how we can help you keep your people safe and moving.

# BUS FLEET

Kuuwa provides bespoke buses and coasters, custom-built for each individual project's requirements. We pride ourselves on providing you with a vehicle that helps you deliver your project on time and on budget.
